1. Separate each pearl into a pearl component with two loops on either end of the pearl.

2. Using the 18g 15/64" and the 18g 9/64" jump rings make two chains of Parallel Weave according to the book "Basic & Advanced Chain Maille" by The ChainMaille Lady.

3. Using the two small toggle clasps and the 18g 1/8" jump rings attach the circle ends of the clasp using one 18g 1/8" and the "T" ends of the clasp using three 18g 1/8" jump rings.

4. Place one 18g 1/8" jump ring through the space where the three 18g 15/64" jump rings intersect.

5. Repeat step 4 all the way down one side of the parallel chain.

6. Repeat steps 4 and 5 for the second parallel chain.

7. Using one 18g 1/8" jump ring scoop up two neighboring 18g 1/8" jump rings added in steps 4 and 5, before closing scoop up one loop on one pearl component. Close the jump ring.

8. Repeat step 7 all the way down the one parallel chain.

9. Using one 18g 1/8" jump ring scoop up two neighboring 18g 1/8" jump rings added in step 6, before closing scoop up the loop of the first pearl component added in step 7. Close the jump ring.

10. Repeat step 9 joining the parallel chain and pearl components of the first parallel chain to the second parallel chain.
